

Name	: Anne MacKay
Position @ ASNA	: Auditor
University	: Laval
Major	: Actuarial Science
Current academic year	: Second
Horoscope	: Taurus

Q: What drives you to be so enthusiastic about ASNA?

A: I think the greatest thing about ASNA is getting to know people from all across Canada. Of course, I am also looking forward to the convention!!

Q: What do you do in your leisure time?

A: I read. A lot. I also like going out with friends, surfing on the net, playing tennis and watching movies.

Q: What are the duties of your position?

A: I am the auditor. I have to verify a lot of financial stuff, from expenses to assets, to taxes and reports.

Q: What are your visions about your position?

A: Although it is a new position in ASNA (I think I'm the second auditor), I think it is pretty important in order to give credibility to the organization. As ASNA grows, more transactions are made and more money is dealt with. We need someone to make sure everything stays under control.

Q: What contributions have you made to ASNA?

A: As a member of the publicity committee, I wrote the paragraph about the involvement prize. I am also preparing a flyer about the convention that will be passed out in September to the students from every university that is a part of ASNA. We still have a lot to do before the convention (t-shirts, programs, name tags, etc), which will keep us pretty busy throughout this fall.

Q: What positions are you interested in for next year's election?

A: I am interested in being the auditor again. I guess some experience could help. Also, if Elisabeth gives up her position as VP Québec, I wouldn't mind taking that one instead.

Q: Anything else that you want to share?

A: Sure! I can't wait to meet you all in Montréal in January. And thanks to those who voted for me as auditor!
